

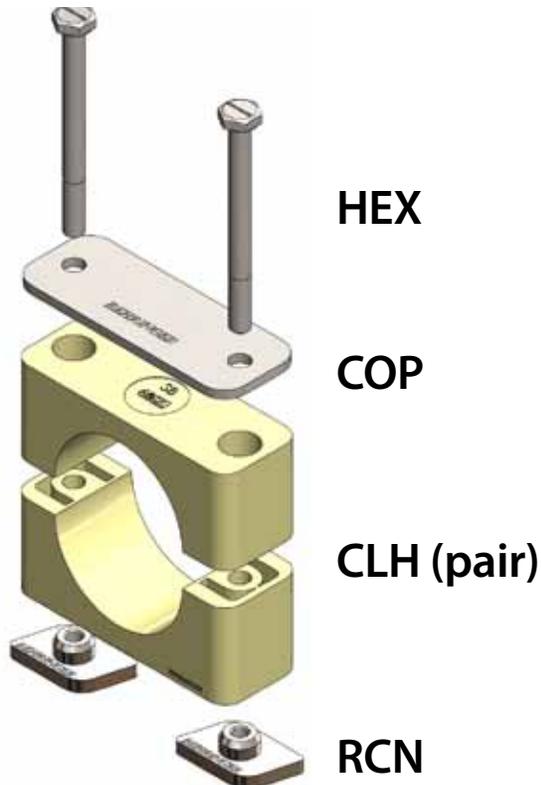

FIG. 203

RAL-1 RAIL MOUNTING

Rail Mount

RAL-1 Rail Mounting

Size Range: Rail Accommodates Clamps from 1/4" through 4" tube

Hardware: 304 Stainless Steel, 316 Stainless Steel, or Electro-Zinc Plated Carbon Steel

Installations: Weld Rail (RAL-1) to structure or supporting member. Slide clamp weld plate into rail, locate proper position and assemble clamp. Tightening hex bolts of clamp will lock clamp into position.

Alternate Mounting Option: RCN-1 Rail Nut (RCN-1) may also be used when mounting to Behringer's proprietary mounting rail (RAL-1).

203 Rail Mounting (RAL-1) - Part Number Configurator

Part Number Example:

ST - RA1 - 99 - T - 6FT

ST - RA1 - 99 - T - 6FT

- **Standard Rail 1**
ST
- **Rail Size**
Rail-1
- **Universal Group Size**
99
- **Hardware Material**
 - 304 Stainless Steel = T
 - 316 Stainless Steel = X
 - Electro-Zinc Plated Carbon Steel = Z
 - Carbon Steel = C

- **Rail Length**
(Standard Length) 72" = 6FT
48" = 4FT
24" = 2FT
16" = 16"
